Live Entertainment begins at 5:30 pm. Kona Ice will be here! We can't wait to see you there.

EXECUTIVE DIRECTOR *Corner*

Welcome to August, everyone!

It's been an amazing summer filled with family

brunches, nights by the grill, and enough memories to fill up a new scrapbook. Remember to stay hydrated against the summer heat.

August is a wonderful time to reconnect and continue building the sense of community that makes this place feel like home. Whether it's joining an event, sharing a meal, or simply spending time with neighbors, those small moments together

create lasting connections and make a meaningful difference each day.

Finally, please join me in welcoming the many new faces to our community. You may have already introduced yourself to some of our new residents, but if not, be sure to greet them with a smile, and encourage them to participate in all that we have to offer. Just by being yourself, you can go a long way in making someone feel at home.

Have a great month!

Yours in Service,

Christine Greilich

Executive Director

CAMPUS IN COLOR

A celebration of the culture behind our care, Campus in Color is an annual event which takes place on the grounds and in the garden areas of our campuses. Gardening is a popular activity among our residents – in fact, many of them will tell you that their formative years included a pair of gloves and loppers always close by. Tending to their inner horticulturist, Campus in Color invites our residents to participate in the growth of our gardens while they enjoy the sunniest days of the year so far.

As outlined by **Healthline.com**, here are just a few ways that our minds and bodies reward those who have a passion for botany:

Gardening is exercise. Whether you're planting, shoveling, or laughing, the act of gardening can help thwart off

age-related weight gain and even help you get more hours of sleep.

Gardening can help your memory.

By participating in an active pastime, gardening can improve cognitive functions and has been shown to help restore memory for those living with Alzheimer's and dementia.

Gardening helps you feel good.

Accomplishing any task can be enough to strengthen your mood – but studies have shown that gardening specifically can help reduce anxiety and depression levels while boosting your self-esteem and feelings of connection.

LIFE ON LEGACY LANE

Summer has officially begun, and our Legacy Lane Family is taking full advantage of the wonderful weather! We are taking our daily activities outdoors as much as possible, as fresh air and the warm sun are great for minds and bodies of all ages. Additionally, our Legacy residents will soon have the opportunity to eat food planted, maintained, and picked from our very own tiered garden

ACTIVITY HIGHLIGHTS

Get the Most Out of Your Trilogy Experience!

Being a part of a Trilogy campus means living life to the fullest. From intimate campus events to large statewide fundraisers, we're proud to make a difference in the life of those that we serve.

Vitality – Stretch your muscles with yoga, tai chi, strength training, dancing, and other exercise classes designed to keep you moving and feeling strong.

Lifelong Learning – Interested in exploring a new passion? Lifelong Learning courses cover topics that include a variety of interest topics.

Out And About – Invite your best friends to join you on bus tours, restaurant visits, sporting events, and other trips into town.

Happy Hour – Join us every Friday as we socialize over new menu items and unwind with specialized cocktails.

For more information about everything that we have to offer, be sure to visit our website at <https://trilogyhs.com/lifestyle/>.
