EXECUTIVE DIRECTOR Corner

Happy July, everyone!
It's been an amazing summer so far of cookouts, nights spent with friends,

and of course, refreshing Happy Hours to help us cool down. In our childhoods, it was around this time of year that many of us started looking towards the dreaded return to the classroom – but here at our campus, the middle of July means that the party is just getting started.

As we head deeper into the season, there's still

plenty to look forward to around campus. From live entertainment and themed events to afternoons spent outside enjoying the sunshine, summer always has a way of bringing people together. It's been wonderful seeing everyone catching up with neighbors, welcoming visiting family members, and making the most of these longer days. We hope you'll continue joining us for all the fun, laughter, and little moments that make this time of year so special.

Have a great month!

Yours in Service,
Crystal Wray, HFA
Executive Director

RESIDENT SPOTLIGHT

On May 30th, 2026, one of our residents turned one hundred and six years old!

Can you believe that? She is a living legacy! Happy belated birthday, Catherine!

Benefits of a Dementia Care Unit

In a dementia specialty unit, a calm and predictable environment can make a meaningful difference in your loved one's daily life. A consistent routine—regular times for meals, activities, and rest—helps reduce confusion and anxiety, making the day feel more manageable and familiar. Structured settings also allow staff to anticipate needs and respond quickly, which supports safety and comfort. Just as important, opportunities for socialization—like group activities, music, or simple conversations—help maintain a sense of connection and can improve mood. Together, routine and social engagement create a supportive environment that promotes dignity, reduces stress, and enhances quality of life for people living with dementia.
